

TITAN WALL

Multi-platform, modular Video Wall solution for unmatched flexibility & control

If you have high-value assets to protect, Visual Management Systems Ltd. has the solution, providing powerful systems that match the most demanding security requirements.

With an industry pedigree and reputation built over 20 years protecting high security sites and sensitive locations, Visual Management Systems Ltd. is a proven manufacturer working in partnership with industry leading companies and universities, developing the latest technologies and cutting-edge products.

Ultimate **Surveillance**
Solutions

Video Wall Processor

A flexible and powerful solution for all video walls; from small to large, single to multi-display projections. TITAN WALL provides the operator full control over all connected sources with effective collaboration and distribution.

TITAN WALL offers a user-friendly, intuitive interface maximising the efficiency of a video wall solution.

The Video Wall Controller independently and effortlessly manages and displays images onto your video wall display surface.

The population of the video wall display surface is intuitive for easy assignment of inputs, location or size of the video panes within the overall display surface.

The operator has full control over the layout of images, the creation of defined views and all inputs, no matter what the source. The inputs are presented to the operator in an easy-to-use and seamless manner.

Key Benefits

Direct control of the Video Wall displays from Titan Vision Admin Tool or Management Suite

Rapid and seamless setup
User-Friendly and Easy-to-Use

Management of a large surface display area of up to 16 monitors
